Batch Script - Decision Making

Decision-making structures require that the programmer specify one or more conditions to be evaluated or tested by the program, along with a statement or statements to be executed if the condition is determined to be **true**, and optionally, other statements to be executed if the condition is determined to be **false**.

S.No	Strings & Description
1	If Statement The first decision-making statement is the 'if' statement.
2	If/else Statement The next decision making statement is the If/else statement. Following is the general form of this statement.
3	Nested If Statements Sometimes, there is a requirement to have multiple 'if' statement embedded inside each other. Following is the general form of this statement.
